BECKHAM GIVEN WARM RECEPTION AT WINCHESTER

Former Governor Greeted By
a Large Crowd in
Clark Capitol.

LARGE NUMBER HEAR ADDRESS.

Clark Democrats Pledge Their
Support in Senatorial
Contest.

WINCHESTER, Ky., March 23.—Former Governor J. C. W. Beckham was given a cordial welcome here today, the occasion being the second speech of his campaign for the Democratic nomination for United States Senator.

A large crowd was in town to greet him, and long before time for his speech at the court house, the building was well filled with an eager crowd.

By the time Mr. Beckham arose to speak the court room was packed and his address was received with great enthusiasm.

Mr. Beckham was presented by Hon. R. Dillard Hunter, former legislator and leading citizen of Clark county, who in the last Senatorial race, supported the candidacy of Gov. McCreary, in the following words:

"It is hardly necessary for any words to be used in presenting Gov. Beckham to an audience of Clark county Democrats. It is known of all men that he served as Governor of Kentucky during the most strenuous period of its history, and that the State never had a better Governor. He has been on the right side and has fought for every important question that has confronted the people of the State since he entered public life.

"Gov. Beckham now aspires to the Senatorship, which was bought away from him six years ago by the expenditure of a large corruption fund, and when elected, as he certainly will be, he will make the cleanest Senator the State has ever had. He has been faithful to the people. He is here today to refute the unscrupulous charges that have been made against him, and to present his claims, and when you have heard him I am sure you will give him your hearty support."

Prior to his address he met a large number of Clark county Democrats and received assurances of support on every side.

Mr. Beckham has the support of the Winchester Sun, the leading Democratic paper in the State east of Lexington. The Sun has been predicting that Mr. Beckham will carry the county by a big majority, and has been running strong editorials in his behalf.

The former Governor has greatly strengthened himself by his masterful and dignified answer to Mr. Stanley's attacks and by his review of Mr. Stanley's record in Congress.

HARVEY LEGG MEETS DEATH IN ACCIDENT

Harvey Legg, brother of Mrs. J. F. Trisler, of this city, was the victim of a railroad accident which had a fatal result, at Handley, Va., last week, a notice of which was published in the News of last Tuesday. This was the second brother Mrs. Trisler has lost in a railroad accident in a year.

Details of the accident were not stated in the telegrams received here. A Handley newspaper gives the following account:

"Harvey J. Legg, 23 years of age, of Handley, died at a local hospital Monday as the result of injuries received early Sunday morning, when he was thrown from a railway motor car.

"Mr. Legg, who was district manager for the Chesapeake Mining Co., with James Johnson, superintendent for the Chesapeake & Ohio Railroad Co., left Charleston Sunday on a motor railway car, and just after passing Marmet, the car ran into a landslide across the track. Mr. Legg was thrown from the car, his head striking a tie, crushing his skull. Mr. Johnson escaped uninjured.

"The injured man was brought to Handley on a freight train and was rushed to the hospital, where he died a short time afterward. Drs. Godbey, Petty and Romine attended the man.

"Mr. Legg was a man of high moral character, and was a member of Charleston Lodge No. 202, B. P. O. E.

"He is survived by his parents, two brothers, Fred Legg, manager of the Chesapeake Mining Co., who has headquarters in Cincinnati, and Edward Legg, of Handley, and four sisters, Mrs. L. A. Stephens, of Anderson, Ind.; Mrs. J. L. Garrettson, of Mrs. H. L. Bass, of Handley, and Mrs. J. F. Trisler, of Paris, Ky.

VILLA NOW READY FOR SPECTACULAR TORREON ASSAULT

Rebel Army Reaches Outskirts of City and Final
Rush Believed Near.

DEFENDERS FORCED BACK BY REBELS.

Federal Force Loses Heavily
in Skirmish Preceding
Capture of Bermejillo.

WASHINGTON, March 23.—British Consul Perceval's official report on the killing of William S. Benton by Gen. Villa at Juarez, received here today, says, "no pistol shots" were fired in the fight which ended in the ranchman's death, leaving the inference that he was stabbed.

BERMEJILLO, March 23.—Officers from the extreme front returned today after viewing some of the Federal fortifications through field glasses. They reported that the defenses were elaborate and laid out according to the latest approved methods so that troops might move from trench to trench without exposing themselves.

Fresh earth was said to mark the lurking places of the enemy's big guns. Some of the barbed wire entanglements are visible. Troops continued to pour into Bermejillo from the North today. Nearly all the supplies from Yermo are now here.

BERMEJILLO, Durango, Mex., Mar. 23.—Marked by sharp brushes with the enemy, General Francisco Villa's spectacular march against Torreon, which began last Friday, was nearing an end today. Only a few haciendas and suburban towns remain between the army of 12,000 and the actual siege of Torreon.

At no point does the rebel leader expect to meet strong resistance, unless it be at Lerdo, a short distance north of Torreon. Reports are that a more or less formidable garrison has been placed by Gen. Refugio Velasco in Lerdo to check the Constitutionalists.

SUCCUMBS TO WOUND RECEIVED IN ACCIDENT

James Lykens, who was brought to the Masie Memorial Hospital, in this city, last Wednesday, suffering from a bullet wound in his back, died Saturday afternoon as a result of his injuries.

Lykens with a number of companions, was engaged in rifle practice near Shawhan, and it is said that he was accidentally shot. The bullet passed through the left kidney, and an operation was performed at the Masie Hospital Wednesday night by Drs. Fithian and Daugherty.

Lykens came here from Decatur, W. Va., and was employed with a construction crew under Fred McCarthy.

The remains were taken to the undertaking establishment of the J. T. Hinton Company, where they were prepared for burial and sent to his home.

INQUEST HELD IN HARRISON. After the death of Lykens, Coroner Rudolph Davis began an investigation and found that the shooting occurred in Harrison county. Coroner Reese, of that county was notified and witnesses summoned.

Lykens, according to the testimony before the Coroner's jury Sunday morning, was walking along the railroad tracks when "Red" Anderson, who had been shooting at marks with a rifle, fired at Lykens, saying he "wanted to see him jump."

Chester Cox, another of the crew, seized the rifle and remarking: "Watch me make him jump," fired the bullet which struck Lykens, it is charged. Cox has not been apprehended.

STRUCK BY FALLING TREE; PAINFULLY HURT

Mr. Carl Long received painful injuries Friday morning by being hit by a large tree which he and a number of men had cut and which had caught in the top of another tree. In order to free it from this position a team of mules had been hitched to the tree and when it was released it fell, striking Mr. Long, who was standing near. At first it was feared he was seriously injured, but after examination by a physician, who was hastily summoned, it was found that he had sustained an injury to his left eye, a broken collar bone and numerous painful bruises.

The accident occurred at the Ashbrook farm, on the Hume & Bedford pike, which Mr. Long had recently purchased, and he had been clearing a number of trees from the woodland. Mr. Long will be confined to the house for several days on account of his injuries, but is resting comfortably at present.

COMMONWEALTH CASES TRIED IN CIRCUIT COURT

Fourteen Convictions On As
Many Indictments at
Session Yesterday.

GUILTY VERDICT IN ALL THE CASES.

Trial of Masters Called and
Will Be Resumed
To-day.

The call of the Commonwealth docket in the Circuit Court yesterday morning marked the opening of one of the busiest days in court in several sessions. From the opening of court yesterday until the close the session was unusually active and many cases were disposed of.

Sixteen cases were called and there were fourteen convictions, two of the indictments being dismissed.

When court was adjourned yesterday afternoon the trial of the case of the Commonwealth against John Masters, under an indictment on a charge of striking and wounding another, was in progress. The jury had been empaneled and the statements made when Judge Stout continued the case until this morning. Masters is charged with having struck Robert Link in a fight in which he himself was shot in the side.

The cases called for trial, convictions in each case being secured, were as follows:

Commonwealth against Jim Davis, colored, malicious shooting and wounding.

Commonwealth against John Williams, alias "Jack the Ripper," colored, housebreaking.

Commonwealth against Ernest Shawhan, George Hayes and Walker Harris, negroes, robbery.

Commonwealth against Lawson Holman, colored, chicken stealing.

Commonwealth against Roy Williams, colored, malicious cutting and wounding.

Commonwealth against Fisher Williams, colored, aged 17, forgery. In this case the defendant was found guilty on one indictment but owing to his age it was ordered that he be sent to the reform school to remain until he attained his majority.

Commonwealth against Ed. Stokes Graddy, white, housebreaking.

Commonwealth against Ed. Erby, colored, petit larceny, ninety days in jail at hard labor.

Commonwealth against Isham Perrin, colored, petit larceny, sixty days in jail at hard labor.

Commonwealth against William Thomas, colored, six months in jail. Anna May Hawkins, a young negro under indictment for malicious cutting was recognized for her appearance at the June term of court.

All of the convictions secured yesterday carry with them an indeterminate sentence of from two to five years in the penitentiary.

MORRIS GRANTED BOND.

Robert Morris, who was arrested at Terre Haute, Ind., several weeks ago, and who was brought to this city to answer to a charge of embezzlement will not be tried at the present term of the Circuit Court. Attorneys for Morris, whose trial was set for yesterday, made a motion in court Saturday before Judge Stout for a continuance on bail, which was granted by the court, and the defendant was released. His father, Mr. John G. Morris, of Lexington, furnished the bond.

INQUEST HELD OVER THE REMAINS OF CHAS. M. MENG

The remains of Mr. Charles M. Meng, who died in the Bermuda Islands last Wednesday, will arrive in Winchester this afternoon and will be taken to North Middletown for burial. The delay in transporting the body was occasioned by an inquest which was held by the authorities of Hamilton, Bermuda, an account of which is given in the following dispatch from that city:

"An inquest was held at Hamilton Thursday on Charles S. Meng, of North Middletown, Ky., who registered at the Inverurie Hotel a fortnight ago, and who died Wednesday morning.

"Receipts were found among his effects from a mental science healer who was sure Mr. Meng was improving in health, because he was more 'in harmony.'

"According to medical testimony here death was due to exhaustion and pulmonary tuberculosis. The physician strongly commented on such cruelty as the 'absent treatment.'"

The body arrived in New York yesterday afternoon and was shipped to Winchester, where it was expected to arrive this afternoon at five o'clock, unless there is some delay in transportation.

The funeral arrangements have not been completed. Mr. Charles H. Meng, father of the deceased, has issued a request that all old Confederates act as pall-bearers.

ACCIDENTS AND DEATHS ON RAILROADS DECREASE

A material decrease in the number of train accidents and in the number of people killed and injured in such accidents was shown by the Interstate Commerce Commission bulletin for the quarter ended September 30, 1913.

During the quarter 211 were killed and 4,011 injured, a decrease, as compared with the corresponding quarter of 1912, of seventy-seven killed and 587 injured.

An increase of 123 killed and of 1,904 injured was shown in "other than train accidents," including accidents on or off cars, to trespassers and others, the total being 2,830 killed and 19,753 injured.

Through industrial accidents, not involved in train operation but occurring to railway employees other than trainmen, 132 persons were killed and 32,878 injured, an increase of eighteen killed and 3,994 injured.

The total number of derailments and collisions on steam railways for the quarter was 3,913, (1,534 collisions and 2,279 derailments), of which 173 collisions and 223 derailments affected passenger trains. The financial damage done amounted to \$2,239,159.

It is pointed out that 10.3 per cent of the derailments were caused by broken rails, and 25.1 per cent by defective equipment.

ROMANCE OF STOLEN PICTURE

Pinturicchio's Well-Known Painting of "Madonna and Child" Which Was Lost Is Found.

London.—No little sensation was caused in art circles recently by the discovery at Charing Cross Station of Pinturicchio's well-known painting of "Madonna and the Child," valued at £10,000, which was recently found to have been removed from the church of St. Maria Maggiore at Spello in Italy. The box in which it was found had been consigned to London from Florence, and the picture was con-

cealed under a false bottom. The painting was taken away and deposited at the Italian embassy, and the box was watched by detectives ready to detain anyone claiming it. Four arrests have been made in Italy in connection with the theft. Under Italian law no old masters are allowed to be removed from the country without the express permission of the government, and persons breaking this law are liable to a fine amounting to three times the price which they may have received for the stolen picture.

"DEAD" CHILD COMES TO LIFE

Friend of the Family Viewing Body Sees Tinge of Color in the Tips of the Ears.

Wray, Colo.—Marie Hesse, the three-year-old daughter of Mr. and Mrs. Henry Hesse, had a remarkable escape from being buried alive after she had been pronounced dead by a physician.

The child had been ill for some time and was seized with convulsions. She lapsed into unconsciousness and apparently died. The doctor in attendance made several heart and lung tests and pronounced the child dead. The undertaker thought the girl was dead. The child was placed in a white casket and the funeral set. After the services the family and friends approached the casket to look at the face of the supposed dead girl. One of Hesse's neighbors called attention to a faint color in the tips of the girl's ears and the funeral was stopped.

Another doctor was hurriedly summoned and he pronounced the girl alive. The child was removed from the casket and placed in bed. She has not yet regained consciousness, but is alive and the physicians believe she will recover.

GAVE LIFE FOR HER KITTENS

Champion Rat Killer of Steamship Meets Tragic Death Answering Mews of Her Young.

Brooklyn.—Mary, the mascot cat and champion rat killer of the American Steamship line, is dead. She died, as she lived, on the Atlantic ocean.

Hers was the death of a conscientious mother, for it was in trying to answer the plaintive mewing of her kittens that she was accidentally killed. This tragedy of the sea was reported on the arrival of the liner Philadelphia at Southampton.

Mary, the best of mothers, had made a home for her kittens in the storeroom, and was in the habit of visiting them by way of a hole in the saloon deck, through which passes a lift rope. On the night of the tragedy Mary was taking a stroll on deck, when she heard the kittens mewing. She turned back, crept through the hole—the lift was working, and in an instant the kittens were motherless.

For the rest of the voyage a steward was reputed to give the kittens a daily supply of milk until the liner reached Southampton.

New York.—In her suit separation filed in the supreme court, Brooklyn, Mrs. Edith Graney charges that she has been made temporarily insane through "mental suggestions" by her husband. She declared that her husband had for years asserted that she was "crazy" and that he often gazed into her face for long periods without uttering a word.

Aged Man to Wed Housekeeper.

West Orange, N. J.—John C. Hanson, seventy-five, obtained a license to wed his housekeeper, Mrs. Annie Sherman, seventy-seven. He said he has been the loneliest man in the world since his first wife died. Asked about the forthcoming marriage he said: "An old fool never changes his mind; a wise man does."

HISTORIC OLD SALEM

Ancient Landmark of the Ancient Quaker City.

William Penn Landed at Site of Town Long Before Philadelphia Was Even Thought Of—Is Well Nigh 300 Years Old.

New York.—Salem, N. J., a Quaker city, is really older than the Quaker City, and the pictures here shown are of some of its ancient landmarks. Naturally the town is one of great historic interest and one which will well repay the study of the historian.

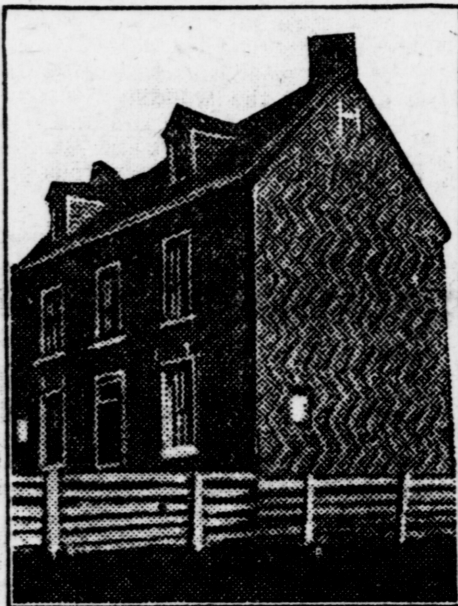

Before Philadelphia was even thought of William Penn and his party made a landing where the city of Salem now stands. It was covered then with a beautiful forest, and out of the slaughter of trees that has followed one handsome oak was saved. It has successfully battled with wind and weather well on to 300 years. The spread of its branches is 117 feet, its girth two feet from the ground, is 20 feet eight inches and its height is 85 feet.

The tree is in the center of the Quaker burial ground, and this fact is believed to account for its great size and endurance. The Salem people are very proud of the tree, and it has a "caretaker." The old Wood house near the wharf, at the foot of the same street which the old oak beautifies, bears the date of 1691, and was built by bricks brought from England by the Penn colonists. This ancestral dwelling of 223 years is now occupied and kept in good repair.

The city of Salem being one of the very oldest communities in the United States, it is naturally one of the most interesting, and many are the buildings which have endured far beyond the usual time buildings are supposed to stand.

One of the features of the old and substantial dwellings is the date at the end of the building and sometimes the initials of the original owner.

The residence of Henry H. Johnson, known as the Johnson homestead, has from decade to decade been in the possession of a Johnson family from the time of its builder, Colonel Robert G. Johnson, up to the present owner, who has no heirs, and great interest is felt as to whom the property

Old Hancock House.

will revert at his death. At the rear of the residence is a magnificent estate, kept up in Colonial style. The interior of the mansion has carved mantels and all the handsome furniture of Revolutionary times.

Salem and Greenwich, N. J., have their old but picturesque Quaker meeting house. Each town has two. Why? Because years ago there was a division. Many left the old creed, and to this day are called Hicksites from the man whom they followed. Those still clinging to the Orthodox are few and are fast dying out.

Many of the Orthodox meeting houses are closed, while the majority of those by the other branch are in a flourishing condition.

The Quakers are conservative, they at times hinder radical changes. They are wealthy and compose the best class of people. The men and women enter different doors—the men do not take off their hats. The service is a season of silence. Ministers with flowery words are not in evidence—even at the weddings—the contracting parties tie their own knot. It seems more serious and binding than when a minister does it.

March 21, 1778, there was a massacre of American patriots in the old Hancock house at Hancock's Bridge, near Salem, by the British. A tablet in the wall of the house, placed there by the Daughters of the American Revolution, is a memorial of the event.

Has Daughter's Suitor Arrested.
Newton, N. J.—Mrs. Mary Maurello had Frank Yanni arrested on the charge of demanding her daughter in marriage as settlement of a \$55 debt. Mrs. Maurello says Yanni threatened to "get even" when she refused his demand.

Buys Additional Inch of Land.

FOREST NOTES.

Connecticut has one and a half million acres of timberland, mainly in farmers' woodlots.

India is developing an important turpentine industry, though it does not yet supply the home market.

Only one wood, Spanish cedar, (Cedrea odorata) is commonly used for cigar boxes. Sometimes a cheaper wood may form the basis of the box, with paper-thin veneers of the tropical cedar over it.

It has been suggested that certain kinds of timber on the National forests be reserved for the needs of the navy. This recalls the fact that the first forest reservations in this country were made for naval material.

The Department of Agriculture is trying to eliminate the danger to cattle from poisonous plants on National forest ranges. Of these plants, larkspur loco weed, death camas and water hemlock are the most poisonous. Larkspur does the most harm, because it is so widely distributed and is particularly bad for cattle. Ordinarily, horses will not eat larkspur, and sheep can eat it without apparent injury.

In replacing a railroad trestle recently burned along the North shore of Great Salt Lake, engineers have just found that the piles are still perfectly sound after 43 years of service. Looking for the cause, since these were only of local pine and fir, they found the timbers were impregnated throughout with salt from the lake.

At another point on the lake, 18 inch piles, set 29 years, are similarly preserved with salt which has penetrated to their very center. Timbers in the Southern Pacific trestles across Salt Lake, placed in 1902, appear to be as good as on the day when the piles were driven. They have been preserved well above the water line by the salt dashed on them by the waves, a fact apparently anticipated by the engineers who built the trestles.

The first transcontinental telegraph line, built before the railroad, extended west from Salt Lake City through the prosperous mining camps of Eureka, Austin and Virginia City. When the railroad was built, the telegraph line was transferred to follow its right-of-way and the old poles sawed off at the ground. An engineer who recently examined the butts left in the ground in the salt desert near Fish Springs found that, although fifty years had passed since the poles were cut off, the old butts were perfectly sound.

Telephone and electric companies in the Salt Lake valley have used the local salt for preserving poles. When set up, about 75 pounds of salt is placed around the pole on the ground. This method can not be used, however, when the pole is on or near a lawn, or in any place where vegetation is desired.

It is pointed out that the reason why the waters of Salt Lake act so strong as a preservative, as distinguished from ocean waters, is because the lake water is so much saltier, being practically a saturate solution. Preservation with salt is of no use in ocean piling against the attack of erodes and other marine borers.

Experts in the forest service who have been investigating the preservative treatment of timber offer the suggestion that ties and poles which have been immersed for some time in the waters of the lake ought to be impervious to decay if the salt is not leaked out by the action of the elements. It has been suggested that this can be guarded against, for example, by painting the butt of the pole with a coat of creosote which will keep out the moisture and keep in the salt.

MRS. WINN'S ADVICE TO WOMEN

Take Lydia E. Pinkham's Vegetable Compound and be Restored to Health.

Kansas City, Mo.—"The doctors told me I would never be a mother. Every month the pains were so bad that I could not bear my weight on one foot. I began taking Lydia E. Pinkham's Vegetable Compound and had not finished the first bottle when I felt greatly relieved and I took it until it made me sound and well, and I now have two fine baby girls. I cannot praise Lydia E. Pinkham's Vegetable Compound too highly for what it has done for me. I always speak a word in favor of your medicine to other women who suffer when I have an opportunity."

—Mrs. H. T. WINN, 1225 Fremont Ave., Kansas City, Mo.

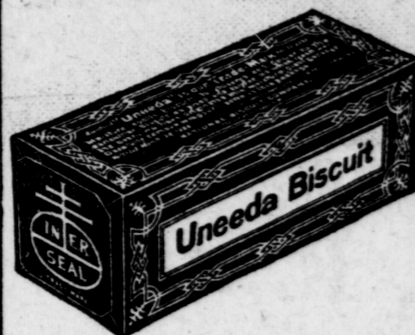

Read What Another Woman says:
Cumming, Ga.—"I tell some suffering woman every day of Lydia E. Pinkham's Vegetable Compound and what it has done for me. I could not eat or sleep, had a bad stomach and was in misery all the time. I could not do my housework or walk any distance without suffering great pain. I tried doctors' medicines and different patent medicines but failed to get relief. My husband brought home your Vegetable Compound and in two weeks I could eat anything, could sleep like a healthy baby, and walk a long distance without feeling tired. I can highly recommend your Vegetable Compound to women who suffer as I did, and you are at liberty to use this letter."

THEATRICAL.

"The Mutual Girl" at the Columbia
Today.

The Mutual Film Corporation, con-
trolling the services of the most skill-
ed photographers in the motion pic-
ture world, has been planning for
years to produce a motion picture
which will illustrate every point of
interest, introduce people of distinc-
tion, and carry with it a story of hu-
man interest.

The human part of the story will re-
volve around our "Mutual Girl."

You will see her first in her humble
home in a typical American village
where she takes an active part in the
restricted life of such a community.
An invitation from her rich and fash-
ionable New York aunt to visit the
latter in the metropolis of this coun-
try marks the beginning of her en-
trance into the big outside world.
From the minute she arrives in New
York places and people in which ev-
erybody is interested begin to become
part of her own life. You see her ar-
rive at the Pennsylvania Station—the
most magnificent modern struc-
ture in this country, if not in the
world. You see her enter the automo-
bile of her aunt and ride up Fifth
Avenue past the Waldorf, the Metro-
politan Museum of Art, the home of
Andrew Carnegie, through Central
Park, along the Riverside Drive,
skirting the banks of the historic Hud-
son, and other places of tremendous
interest. You see her enter the pa-
latial home of her aunt and see the
furnishings of this magnificent Ameri-
can palace. A day later her aunt
takes her through the great shops of
New York, and you see displayed for
her inspection and selection the new-
est and most elaborate creations of
the great dressmakers of Paris. At
the picture develops, you will see our
"Mutual Girl" having tea with famous
actresses, dining at the restaurants
with their elaborate cabaret shows in
full view and actually reproduced in
this great motion picture. With her
you will become a part of real New
York life and feel its thrill and inspi-
ration. These reels will be shown at
The Columbia each week.

The Alamo Today.

"The Daughter of the Hills," fea-
turing Laura Sawyer, will be the at-
traction at the Alamo Theatre this
afternoon and night. The story is a
beautiful pastoral drama in which Ser-
gius, one of Nero's most powerful
gladiators, weds Floria, a young shep-
herdess, whom he takes to Rome,
where she is settled in wealth and
splendor. She knows nothing of the
life of her husband until one day she
follows him to the arena, where she
witnesses the cruel slaughter of an
unwilling gladiator. Fear seizes her
and she flees to the house of the Ap-
ostle Paul, and there her husband finds
her after a long search. In a fury
Sergius threatens Paul, who advised
Floria to return with him, and when
at home the gladiator is about to beat
his wife when he sees a vision of the
girl and a wounded lamb. He then
understands her tender sympathies,
and at night steals back to the Ap-
ostle's house, where he hears him
preaching to the rabble and is re-
generated. Sergius disobeys the mandat-
e of Nero to prepare for another battle
in the arena and breaks his sword
across his knee, renouncing all mate-
rial possessions for the love of his
wife. The two, deprived of all but
their faith and love, return to the hills
and peace.

MATRIMONIAL.

LISLE-FUNK.

The marriage of Miss Myrtle
Lisle and Mr. Ray H. Funk, of Lexing-
ton, was celebrated Saturday after-
noon, at 3 o'clock, at the home of the
bride's aunt, Mrs. C. W. Brown, on
Clifton avenue. The ceremony was
performed by Rev. W. E. Ellis, of the
Christian church.

The attractive home had an added
beauty of pink and white carnations,
ferns and palms and was softly
lighted.

The bride, who is an unusually
pretty and attractive young woman,
wore a stylish dress in one of the new
shades of blue, and a becoming close-
fitting hat to match. She has made
her home with her aunt, Mrs. Brown,
for several years, and is much ad-
mired for her amiability and beauty.

The groom is a young man of good
business ability and is in every way
worthy of his lovely bride. He is a
son of Mr. H. E. Funk, of Lexington,
and a nephew of Mr. T. M. Funk, of
this city.

The young couple were the recip-
ients of many useful and pretty wed-
ding gifts. Among the guests were
their two venerable grandfathers, Mr.
Theudus Dykes, of Winchester, and
Mr. John Funk, of this city. Other
guests were the bride's father, Mr. C.
P. Lisle, of Elkin; her brother, Mr.
Leon Lisle, of Mt. Sterling; her sister,
Mrs. Myra Locknane, of Winchester;
Miss Annie Lee Locknane, of Win-
chester; Mrs. A. J. Lisle, Miss Stella
Reed, and Mrs. C. B. Watkins, and
son, all of Winchester; Mr. and Mrs.
W. A. Freeman, of Lexington; and Mr.
Jesse Dykes, of Richmond.

After congratulations Mr. and Mrs.
Funk left in an automobile for Lex-
ington, where they took supper in
their flat, which had been fitted up by
Mr. Funk, and later left for a bridal
trip to Buffalo, New York.

HART-RANKIN.

Mr. Lewis M. Hart, of Winches-
ter, and Miss Lorel M. Rankin, of Lex-
ington, were married at the home of
the bride at 11 o'clock Saturday morn-
ing.

They returned to Winchester Sun-
day and will make their home with
Mr. Hart's mother, Mrs. George Hart,
and will take a short bridal trip.

Mr. Hart met his bride when she
lived in Lexington, and both were em-
ployed in the office of the Barley To-
bacco Society, where her father, Mr.
J. M. Rankin, was a secretary. Mr.
Rankin and family moved to Lexing-
ton when the offices of the company
were transferred to that city. For
several years the young people have
been devoted, and the marriage is the
culmination of a pretty romance.

The bride is a striking brunette, and
is a beautiful and popular young lady.
She is a niece of Dr. George L. Rank-
in, of this city, who with Mrs. Rank-
in, attended the wedding.

Mr. Hart is a son of the late Deputy
Sheriff George M. Hart and Mrs. Hart.
He is a popular and prosperous young
business man.

bring to Lexington the cream of all
the shows on the road at the present
time.

Since its initial production in At-
lantic City two years ago, "Stop
Thief," one of Cohen's great comedies,
has had practically a continuous run
in the greatest cities on the continent,
and will come to Lexington with prac-
tically its original New York cast.

"Damaged Goods," the play that
caused such a furor in New York and
the East, resulting in some places in
protests from press and clergy, will
come to the Lexington Opera House
March 30 for a two-days' stand. It is
perhaps the most widely-discussed
play on the stage, and is likely to get
Lexington by the ears when it comes.
In every city it has its opponents and
its friends, and it may be said in pass-
ing there is ample argumentative
ground for comfortable standing room
for both.

Montgomery and Stone are old fa-
vorites and need no comment.

"Joseph and His Brethren" is a re-
markable production, and because of
its tremendous setting will play three
dates, with matinees. Mr. Scott has
been asked to furnish one hundred
stage men to handle the big produc-
tion, which is said to be a scenic tri-
umph as well as a histrionic success.

Nazimova, of "Doll's House" fame,
one of the most beloved women on the
stage, will be popular in Lexington, as
always. She is as dainty as Dresden
china and an actress whose eminent
art and attractive personality have made
her an idol both in this and her native
country.

Not in years has Lexington had
such an eminent symposium of play-
er folk or plays as those due to play
that city on the dates named.

"Within The Law."

Lovers of good plays and fine act-
ing are certain to welcome the an-
nouncement that "Within The Law,"
Byard Veiller's absorbing drama of
modern American life, which is the
current dramatic sensation in New
York and Chicago, is to be given on
Friday and Saturday, with Saturday
matinee, at the Ben Ali Theatre, in
Lexington, under the managerial
sponsorship of the American Play
Company.

Forsaking the conventional paths
pursued by playwrights Mr. Veiller
has, in "Within The Law," devised a
vital and exciting drama of a certain
phase of contemporaneous life in the
larger cities that appeals with equal
force to every class of theatregoer.
The story is that of a young girl who
is unjustly convicted and sent to
prison for theft, who tries to live
honestly when released, but is hound-
ed by the police until she loses her
position, and who then turns on them
and matches her wits against their
brutality. Keeping "within the law,"
and employing the intricacies and
false standards and technicalities of
the law to shield her from arrest,
she develops ingenuity and daring,
and makes the man who sent her to
prison pay for her four years of

Prof. Johnson has occupied this position for the past eleven years and during that period has proved to be a most efficient and thorough educator. Prof. Johnson resigned the principalship to accept a position as traveling salesman for Ginn & Co., of New York, and will assume his new duties the first of April.

At the meeting of the School Board A. Hendricks was re-elected for a period of two years.

—The Lexington Leader says: "Mrs. Richard C. Stoll had for her guests for afternoon tea at the Phoenix Hotel Misses Mary Leonard Cassell, Mary Sayre Williams, Mr. and Mrs. William Stoll, Jr., Messrs. Charlton Clay, of Paris, Edward Stoll, Edwin Pearce, Joseph Beard, Mr. Wooten."

—Horace Miller Clay and Francis Dupue Clay, the handsome sons of Mr. and Mrs. Frank P. Clay, entertained Friday afternoon at the home on the Georgetown pike with a dance.

The brilliantly-lighted rooms presented a spring-like appearance with their decorations of yellow daffodils and Southern smilax in striking contrast to the winter scene without. Smilax entwined the beautiful winding staircase and banded the mantels, while vases and baskets of daffodils were placed about, and many lighted tapers in crystal and silver candelabra made a brilliant scene. The young hosts received their guests in the drawing room, assisted by their parents.

Mrs. Clay looked charming in a costume of cream lace with tulle of blue brocade satin. The individual ice and cakes were in the party colors, yellow and white, and the favors were tiny rabbits and chickens. In the dining room the table was decorated with a stylish Japanese basket filled with daffodils and ferns, while a large bowl of yellow ribbon was tied in the handle. Silver compotes contained yellow and white mints. At one end of the table Mrs. Wade H. Whitley presided over the coffee cups, while at the other Mrs. William C. Ferguson poured coffee. Those assisting in entertaining were Mrs. Roy Clendenin, Mrs. Maggie Rogers McClintock and Misses Shive and Bean.

The young people enjoyed dancing to the music of the piano and trap drum. Altogether it was one of the most elaborate children's parties ever given in the county, and was in the nature of a farewell, as Mr. and Mrs. Clay and their interesting sons expect to move to Shelby county very soon, much to the regret of their Bourbon friends.

ABRAM BARNETT SUCCUMBS SUDDENLY TO HEART ATTACK

Mr. Abram Barnett, aged about 89 years, died suddenly Saturday night about 10:30 o'clock, at the home of Mr. A. J. Winters, on High street.

Mr. Barnett was a native of Germany. He was hale and hearty-looking for one of his age. He was feeling unusually well Saturday. He partook of a hearty supper, after which he enjoyed the evening paper, apparently in the best of health. Shortly after the evening meal Mrs. Barnett and Mrs. Winters went to a neighbor's for a social call, and when they returned Mr. Barnett had retired. They remained in the living room for about half an hour, when Mrs. Barnett went to her room and found her husband on the bed cold in death.

He had evidently tried to get up, as his feet were out of the bed, and some matches had fallen from his hand to the floor in his effort to light the candle which was always placed on a table beside the bed. Death was due to heart disease.

He is survived by his wife and two daughters, Mrs. A. J. Winters, of this city, and Mrs. Jacob Slaughter, of Eminence. Mrs. L. K. Frankel, of Lexington, is a grand-daughter, and Mr. Barnett Winters, of this city, is a grand-son. The funeral was held Monday afternoon, at 1 o'clock, at the home of Mr. Winters, the services being conducted by Rabbi Fleischman, of Lexington. The body was taken to Lexington on a special interurban car for burial in the Lexington cemetery. The services at the grave were in charge of the Masons, of which order Mr. Barnett was a devoted member. The pall-bearers were: George R. Bell, George Rassenfoss, E. B. January, Dr. W. T. Brooks, C. B. Mitchell, Isaac L. Price, Louis Wollstein, Chas. Goldstein, Lee Price, Joseph David, Jacob Speyer, Harry Klein and I. J. Miller.

"Pape's Diapepsin" Digests Food When Stomach Can't Cures Indigestion.

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, jot this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick or so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapepsin" is quick, positive, and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as Pape's Diapepsin comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder. (adv)

"CASCARETS" RELIEVE SICK, SOUR STOMACH Move Acids, Gases and Clogged Waste from Liver and Bowels

Get a ten cent box now.

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, eating, dizziness and sick headache, means a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they immediately cleanse the stomach, remove the sour undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. Then your stomach trouble is ended. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet, liver and forget the children—their little insides need a good, gentle cleansing, too. Winter's Chills Breed Kidney Ills

Chilly, damp, changing weather is hard on the kidneys. Even more irritating are colds, grip, pneumonia, tonsillitis, quinsey and other infections. The kidneys get congested and inflamed, and this causes backache and disordered kidney action. Though serious in its latter stages, kidney disease is not hard to conquer if a good kidney remedy is used when the first signs of kidney trouble are noticed.

The best recommended kidney remedy in the world is Doan's Kidney Pills. You hear it every where. Get a box.

Paris People Testify

"Every Picture Tells a Story"

Spring is Breaking; Backs are Aching

Backache is often the first sign of some form of kidney disease that has been coming on for months. Look for the other signs;—lame back, sharp pains when stooping or lifting, dizzy spells, nervousness or despondency, with irregular, painful or distressing action of the kidneys; if these signs exist, decide that the kidneys need attention, ere the trouble turns to gravel, dropsy or Bright's disease.

Read this home testimony and give Doan's Kidney Pills a trial.

Paris Cases Self-Told

Floyd Rankin, railroad man, 821 West St., Paris, says: "I have used Doan's Kidney Pills and they have done me so much good that I am pleased to advise others to take them. My kidneys were out of order and their action was irregular. The kidney secretions contained sediment and my back was lame. When I stooped I had difficulty in straightening. Doan's Kidney Pills stopped my pains and regulated the kidney action."	Mrs. Ida Huffman, 115 Main st., Paris, says: "We think Doan's Kidney Pills are just fine. We willingly confirm the endorsement we gave some years ago recommending them. I suffered from pains across the small of my back. Seeing Doan's Kidney Pills advertised I got a supply at Wilson's drug store and gave them a trial. I was very much pleased with the results."	Mrs. Laura Lair, 1022 High St., Paris, says: "When I had the rheumatism my kidneys were irregular in action. I suffered from backaches and headaches, and at times was dizzy and nervous. A neighbor advised me to try Doan's Kidney Pills and I did. They made me strong and well. I have had no sign kidney trouble since and I gladly confirm the statement I gave praising Doan's Kidney Pills at the time the cure was made."	M. Holleran, 200 W. Seventh St., Paris, says: "Sometimes the passage of the kidney secretions were painful. I had backaches, too. I used many medicines but was not benefited until I took Doan's Kidney Pills. They made me feel better and stronger."	Mrs. J. T. Martin, Pleasant & Eleventh Sts., Paris, says: "I suffered quite severely from pains across the small of my back and in my kidneys. The trouble alarmed me and I tried many medicines. I did not get relief, however, until I procured Doan's Kidney Pills at Wilson's drug store. They improved my condition in every way. All I have ever said praising Doan's Kidney Pills was entirely correct and I confirm my former public endorsement of this remedy. They permanently cured me of kidney trouble."	George McCandles, butcher, 600 Main St., Paris, says: "I had occasion to use a kidney remedy and at that time Doan's Kidney Pills gave me complete relief, which has proven permanent. I got them for backaches and disordered kidneys. The way they stopped the trouble has proven their merit."

"NOT DEAD, BUT SLEEPING."

Woman Suddenly Revives and Undertaker Leaves Room Quickly.

Oil Springs, Ont., March 16.—After she had been apparently dead for five hours, and as a crowd of people gathered about the front door of her home, the wife of Dr. Joseph Campbell, a retired physician, suddenly revived and sat up in her bed to-day.

The local undertaker who had been called in to prepare the supposed dead body for burial, had just entered the room and was removing his instruments from the case preparatory to embalming when he was startled to hear a woman's voice asking what he was doing in her room. He hastily retreated without making any reply.

Mrs. Campbell apparently died last night. She had been ill for months with a tubercular affection, and when her breathing became slower and gradually ceased altogether her husband, who was with her, expressed no surprise.

After resuscitation to-day Mrs. Campbell was apparently stronger and better than she has been for months, but this condition lasted only a short time, and she has again relapsed into a state of coma, and health seems only a matter of hours.

AROUND THE WORLD.

The buffalo of the United States and Canada now number about 3,000.

The area of corn harvested in the United States in 1913 was 105,820,000 acres.

There is always a censor at the German Court dances who watches the dancers, and if anyone is awkward or unacquainted with the steps he is notified that he will not be invited again unless he learns to dance better.

There oads of the plains of Argentina have deeper dust in summer and deeper mud in winter than those of any other part of the world, consequently the wagons used on them have wheels from six to fifteen feet in diameter.

RESTRICT RELIGION

Liberty of Christian Sects Curtailed in Macedonia.

Less Freedom Allowed Now Than There Was Under the Moslem Rule—Newspaper Favors Military Invasion to Restore Sway.

London.—The Ikdam notes what others have also reported, that there is less religious liberty in Macedonia now among the Christian sects than there was under Moslem rule, and it favors a military invasion of Macedonia to restore the sway of the Crescent. It says:

"The Balkan war was to have liberated the various races from galling servitude. It has not so resulted. It has rather resulted in the loss of the rights those races held under Ottoman rule, when the government recognized the religious and civil officers who were freely chosen by the several Christian communities. But the various elements of the population that have fallen into the hands of the

Greek School at Alistrati, Burned by the Bulgarians.

From "A Sad Page in Balkan History," Published at Athens.

Balkan government can no longer possess the rights they formerly enjoyed. It is therefore natural that they should, all alike, without distinction of race or religion, desire autonomy under Ottoman sovereignty. This defines the present duty of the Ottoman state, viz., to go forward relying on her military strength and establish Macedonian autonomy. The Greeks have no right to remain in Kavala, or in Salonika, the capital of the new principality. The Ottoman army should advance beyond Salonika, to Ellassona, and enter Thessaly, and cancel the claims of the Greeks to the islands also. This erection of Macedonia into an autonomous principality would serve the interests of Roumania and of the great powers of Europe, and make possible a real balance of power in the Balkans, and stop the present deadly rivalry.

THE VENGEANCE OF OUTLAWS

Band of Desperadoes Wipe Out Every Member of a Large Family But One.

Milan.—A band of outlaws has meted out a dreadful vengeance on a well-to-do Sicilian family named Calagero, who lived at Favara, near Palermo.

Several months ago the brigands suspected the family of acting as spies for the police and plotting to have them captured while entertaining them to dinner. The outlaws accordingly sent Signor Calagero a black-edged missive warning him that the whole family would be wiped out before the fall of the leaves.

On June 8 the father, mother and two elder sons were found to have been murdered while asleep and the two younger sons and their sister Florenza were thereupon taken away by friends to Castrofilippo, in the hope of averting their tragedy. It was in vain, for a few nights ago the brigands waylaid and shot all three.

The only surviving member of the family is a married brother, with two children, living in Brooklyn, N. Y.

BEE STINGS HALT WEDDING

Mississippi Bridegroom Requires Medical Treatment Just Before the Ceremony.

Moselle, Miss.—Dr. R. H. Cranford, while preparing for his wedding, hitched his horse too near some bee hives. The bees attacked the horse, and in unhitching the animal, Doctor Cranford was so severely stung that he became unconscious. The horse wrecked the buggy and probably will die. Doctor Cranford was revived by fellow physicians and his marriage with Miss Lena Miller took place about an hour later.

Doctor Cranford is treasurer of the town and surgeon-physician for the New Orleans Northeastern railroad.

St. Bernard Rescues Pointer.

Malden, Mass.—"Fanny," a pointer owned by H. M. Reed of this town, after having been missing four days was rescued from starvation through the efforts of a St. Bernard dog owned by P. K. Wood. The St. Bernard led neighbors to an untenanted house where "Fannie" was imprisoned under the piazza, weak from hunger.

Campaign Fund Was Penny.

Yonkers, N. Y.—Frederick Breithack, who was re-elected assessor on the Republican ticket, filed a statement declaring that contributions to his campaign fund totaled one cent.

Jerry Kane, a street sweeper, sent in the penny.

Takes Important Part in the Great Work of Bringing Natural Gas to Louisville

Backward and forward, between West Virginia and Louisville, often two or three hundred miles a day, over roads very bad in the good season, and called impassable at this time of the year, the ever faithful Cadillac carried the big men on this huge job faithfully from its beginning to the end.

Bearing the Superintendent and Engineers hither and thither for work or emergency at all points on the line, this 1914 Cadillac served unfailingly and continuously day and night, with what little care could be given it in the rush and strain of this all-absorbing work.

And who shall say that it would not have required more weeks, or months, to complete the great undertaking had not the staunch Cadillac been ever ready to take these men where they had to go, regardless of difficulties rarely encountered by a car even in a test trip.

It is considered a praiseworthy feat for an automobile to run from New York to San Francisco in the hands of expert drivers and mechanics, and yet here is a Cadillac making even more than five times that distance in the every-day performance of its duty, over roads equally as trying.

Gentlemen—In the matter of the service that we have secured from our 1914 Cadillac car which we purchased from you last August, and which we have had in use during the construction of our natural gas line from West Virginia to Louisville, Ky., I can say that we are very well pleased with the way our car has stood up under very trying conditions. Day after day we have made 200 miles or more mileage in this car, and a total of over 17,000 miles during the first six months, having had it in service every day since it was purchased. This is especially good service, considering that on one of our trips through the mountains over roads on which a car had never before been run, the car went over a 12-foot bank into a creek without any damage except to wind-shield and fenders.

We consider the Cadillac 1914 car with the two-speed axle, which to our idea is one of its best features, be as good as any six-cylinder car and the easiest riding car on the market to-day.

Yours truly,
F. L. HADLEY, Superintendent.

This is only one of many letters praising highly the 1914 Cadillac by owners who have driven them daily for several months.

Over 9,000 1914 Cadillacs with the two-speed axle are now in use—all giving splendid service. What other four or six-cylinder car can equal this record?

MOTHER! THE CHILD IS COSTIVE, BILIOUS If Tongue is Coated, Breath Bad, Stomach Sour, Don't Hesitate! ... Give "California Syrup of Figs" at once—a teaspoonful today often saves a sick child tomorrow. If your little one is out of sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that it's little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish stomach sour breath bad, or has stomach ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels, without griping, and you have a well, playful child again. Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach, and they dearly love for babies, children of all ages and grown-ups printed on each bottle. Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company." Don't be fooled! OOOF! ONLY PARTISANS CAN VOTE UNDER PRIMARY LAW

No one but a sure enough partisan
may vote in the Kentucky primary
under the amended primary law, en-
acted by the General Assembly.

The amended act strictly defines
the qualification in the law that a vo-
ter must "be a member of the party
for whose nominees he intends to
vote and shall have affiliated with said
party." It says "no person shall be
deemed to have affiliated with the
party for whose nominees he intends
to cast his vote if he voted against
the nominee or nominees of such party
at the last general election."

The act also does away with the
requirement for a certain percentage
of electors signing a petition to get
the name of a candidate on the pri-
mary ballot, and requires only the pe-
tition of the candidate accompanied
by the affidavits of two electors as
to his eligibility. Where there is
only one candidate the officer with
whom the candidate's petition is filed
may issue him a certificate of nomi-
nation. Unused ballots are required
to be so stamped and returned to the
county clerk.
